Wheelchair Softball Batting Rack. Material: Stainless steel \$100- \$200, Steel \$50 - \$100 estimated cost.

**A** Front view of back rail. Pencil size round steel tubing welded to base rack. Back tires of wheelchair rest against the raised tubing when hitting.

**B** Front view of front rail. 1/4 inch box steel tubing. This tubing is in front of front wheelchair wheels to keep chair from rolling forward during swing, but small enough to easily push over after hit and when accelerating wheelchair.
